

Department of Aviation Internship Program

The Department of Aviation seeks qualified candidates interested in local government management and the aviation security industry. Interns will have the opportunity to learn from real world experiences in City Government and Aviation while working with veteran staff members. The program's objective is to provide guidance in shaping career goals and to mentor future local government and aviation security leaders.

- Department of Aviation-Administration has one position available per semester. Qualified candidates must be current MPA students and have a GPA of 3.5.
- Department of Aviation- Operations has two Aviation Security positions available per semester. Qualified candidates must be current students in an Aviation Management coursework and have a GPA of 3.0
- All three positions are paid.
- Must be a U.S. Citizen, pass a 10 year Criminal History Records Check, and clear Security Threat Assessment.
- Interested candidates may apply by submitting an [online application](#) with their resume and a 200 word essay that answers the question, **“What are my career aspirations?”**
