DALLAS LOVE FIELD
AIRPORT IMPACT ANALYSIS/MASTER PLAN

PUBLIC INFORMATION MEETING

March 29, 2001

COPY

**DISK
ENCLOSED**

1 MR. GWYN: Good evening. My name is
2 Kenneth Gwyn, and I'm the director of aviation for the
3 City of Dallas. And really on behalf of the staff and
4 the consultants, we really want to welcome you here to
5 a very important public meeting where we bring to you
6 information of work that has culminated in the last,
7 oh, 10 months. And this program really is designed to
8 give you a briefing on what is going before the City
9 Council relative to the Airport Impact Analysis and
10 Master Plan for Dallas Love Field.

11 There's a lot of work that has gone into
12 this effort and a lot of the work has been performed by
13 a group of individuals who spent a lot of time and
14 effort over the last 10 months in bringing issues to
15 the committee and bringing issues to the staff and the
16 consultants and working with us to resolve that. Those
17 members are what we affectionately call the Master Plan
18 Advisory Committee, the impact, and I would like those
19 members to stand so you can recognize them and see
20 who's been working very closely with you in development
21 of this plan. Members, would you please stand?

22 (Audience applauds.)

23 MR. GWYN: Really, without the work of
24 them and their dedication, this plan really would not
25 have come together. I'd like to ask Alva Baker to come

1 forth to go over a couple of housekeeping matters
2 relative to translation and the like, and then we'll
3 get to the meat of the presentation.

4 MS. BAKER: Good evening. I just have a
5 couple of quick comments for you. First of all, I want
6 to assure that everybody signed in when they came in.
7 If they did not, please, as part of our official
8 record, please be sure to sign in. And we also have
9 available for you comment cards, if you would like to
10 write comments for us. And now I'd like to ask Anna to
11 come up and make an additional announcement.

12 MS. LOZOYA: (In Spanish.)

13 MR. GWYN: Great. Thank you very much.
14 We have a little Power Point presentation we'd like to
15 go through with you. Again, this will be the
16 information that will be presented to the Dallas City
17 Council next week and will be the basis of their
18 decision making and discussion. So just have a little
19 Power Point presentation to go over tonight. First of
20 all, here's the purpose of why we're here, to review
21 the plan and present a comprehensive development plan
22 for the airport.

23 One of the things that we'll be
24 discussing also is we're going over in summary form the
25 environmental work that has been done on this project
