Dear Neighbors,

We want to wish you all a happy and safe Labor Day weekend!!!

We are excited about the progress and changes that are taking place here at Dallas Love Field and we want you to be excited as well! If you are interested in some area that we are currently monitoring for our quarterly meetings of the LFEAC or if you have some particular interest in a time frame to be monitored, please let me know and I will try to accommodate that suggestion.

-Ms. Courtenay Shorter

The Love Field Modernization Project (LFMP) is steadily underway. For more information and updates about the LFMP please visit: http://www.lovefieldmodernizationprogram.com/

Everyday Environmental Tip

When using your air conditioning unit, try turning the thermostat up a few degrees. For every degree of temperature change, you can save up to 5 percent on your electricity bill.
Construction Activities

Runway Safety Area (RSA)

In order to meet current FAA requirements, modifications to RWY 13L/31R must be made to have the appropriate amount of safety area (1,000 feet) at the north end of the runway. In order for the Runway Safety Area (RSA) Project to begin construction, it is necessary for construction elements to be completed on Taxiway Bravo to allow the Love Field Modernization Program (LFMP) to remain on schedule.

Portions of Taxiway Bravo are expected to be closed beginning July 1, 2012 through December 31, 2012.

Because both projects cannot be done concurrently, construction of the RSA Project will not begin until early 2013.

If you would like to learn more about the LFMP please visit:

Water Main Replacement

DWU has contracted with Atkins Brothers Construction to install a 48" water line around Love Field from the Shorecrest Weiss Street intersection to approximately the 8000 block of Lemmon Ave. All work will be competed in phases. Construction has begun and is still on schedule to be completed by November 2012. Shorecrest is closed to traffic between Webb Chapel and Lemmon as work on the water line continues.

Runway Closures

Scheduled Runway Closures for Routine Maintenance

There are no expected runway closures for this weekend.

Ongoing Airfield Closures

TWY B will be closed for construction from TWY B5 to 500ft NW of TWY B1, through December 2012.

TWYs B3, B4 and M will be closed for construction through December 2012.

TWY B5 from TWY D to TWY B, is currently closed for construction and will remain closed through December 2012.

*Please see the airport diagram on the next page for the locations of runways and taxiways.
