

**CITY OF DALLAS – Department of Aviation  
Disadvantaged/Airport Concessions Disadvantaged Business  
Enterprises (DBE/ACDBE) Affidavit – Form 203A**

The policy of the City of Dallas and guidelines promulgated by the US Department of Transportation Federal Aviation Administration (Regulations 49 CFR 23 and 49 CFR 26) require the involvement of qualified Disadvantaged Business Enterprises (DBEs) and Airport Concessions Disadvantaged Business Enterprises (ACDBEs) to the greatest extent feasible on federally funded contracts involving Airport Construction, Airport Concessions, and in the procurement of supplies, goods and services related to Airport contracts. Federal Regulations prohibit discrimination on the basis of race, color, religion, national origin, or sex in the award of and performance of federally funded contracts. In accordance with this policy, the Department of Aviation has established annual DBE and ACDBE participation goals for Airport related contracts.

FY 2017-20 DBE/ACDBE Participation Goals

To ensure a reasonable degree of DBE/ACDBE participation in Airport related contracts, it is the goal of the City of Dallas' Department of Aviation that a certain percentage of work under each Airport contract be executed by one or more qualified DBE/ACDBEs. Prospective bidders/proposers are required to either meet or demonstrate a good faith effort towards meeting the following participation goals:

<b><u>ACDBE Non-Car Rental Concessions</u></b>	<b><u>ACDBE Car-Rental Concessions</u></b>	<b><u>DBE Construction &amp; Professional Svcs.</u></b>
34.75%	2.90%	24.36%

ACDBE Prime Contractors certified in accordance with 49 CFR 23 regulations are deemed to have met participation goals at the time of contract award. DBE Prime and Non-DBE Prime Contractors shall agree to either meet the goal or demonstrate via documentation a "good faith effort" to include DBEs in subcontracting opportunities prior to contract award. The apparent lowest bidder/most advantageous proposer who fails to adequately document good faith efforts to subcontract or purchase significant supplies, goods or services from DBE/ACDBEs may be denied award of the contract by the City based on the bidder's/proposer's failure to be a "responsive" or "responsible" bidder.

**By signing below, I agree to comply with the City of Dallas Disadvantaged/Airport Concessions Disadvantaged Business Enterprises (DBE/ACDBE) Program. Additionally, should I be awarded a contract by the Dallas City Council, I agree to adhere to the DBE/ACDBE Program reporting requirements during the performance of the contract. Intentional misrepresentation could result in criminal prosecution.**
