Dallas, Texas 75209

Subject: Environmental Assessment for Reconstruction of Runway 13R-31L and Associated Improvements, Dallas Love Field, Dallas, TX

Dear Mr. Duebner,

Enclosed please find a copy of the completed environmental Finding of No Significant Impact (FONSI) for the proposed Reconstruction of Runway 13R-31L, Dallas Love Field, Dallas, TX. The FONSI should be attached to the Final Environmental Assessment (FEA) to form the completed FONSI.

If the City of Dallas intends to follow through with the project as planned, you are requested to announce the availability of the FONSI by way of legal notice or other suitable announcement. The Notice of Availability that was submitted to the FAA would accomplish this task.

Please provide our office a copy of the notice after publication in at least one newspaper of general circulation for the project area. The Federal signature page has been attached to the FEA, making it a Federal document.

Thank you for your cooperation in this matter. If you need any additional assistance, feel free to contact this office.

Sincerely,

John MacFarlane  
Environmental Protection Specialist  
Texas Airports District Office
